

AUTOMATIC WINDING & BINDING MACHINE TM-S04

Product Description

Automatic Winding and Binding Machine

Specification

| | | |
|--------------------------|---------------------------------|--|
| Model | TM-S04 | |
| Power Voltage | AC 220v | |
| Mains Frequency | 50hz/60hz | |
| Rated Power | 120w | |
| Binding Wire Size | Binding Length | Applicable Winding Diameter Specifications |
| | 120-160mm | Diameter ϕ 15-35mm |
| Number of Binding | Could be set (suggest 2-4 laps) | |

| | |
|---------------------|------------------------|
| Ribbon | Plastic Bags Iron Core |
| Protector | Fuse Failure Warning |
| Dimension | 400x380x580mm |
| Gross Weight | 40kg |
